

# UNIVERSAL PROTECTION: CATLOC 1001

**CATLOC**<sup>®</sup>  
CATALYTIC CONVERTER THEFT PROTECTION

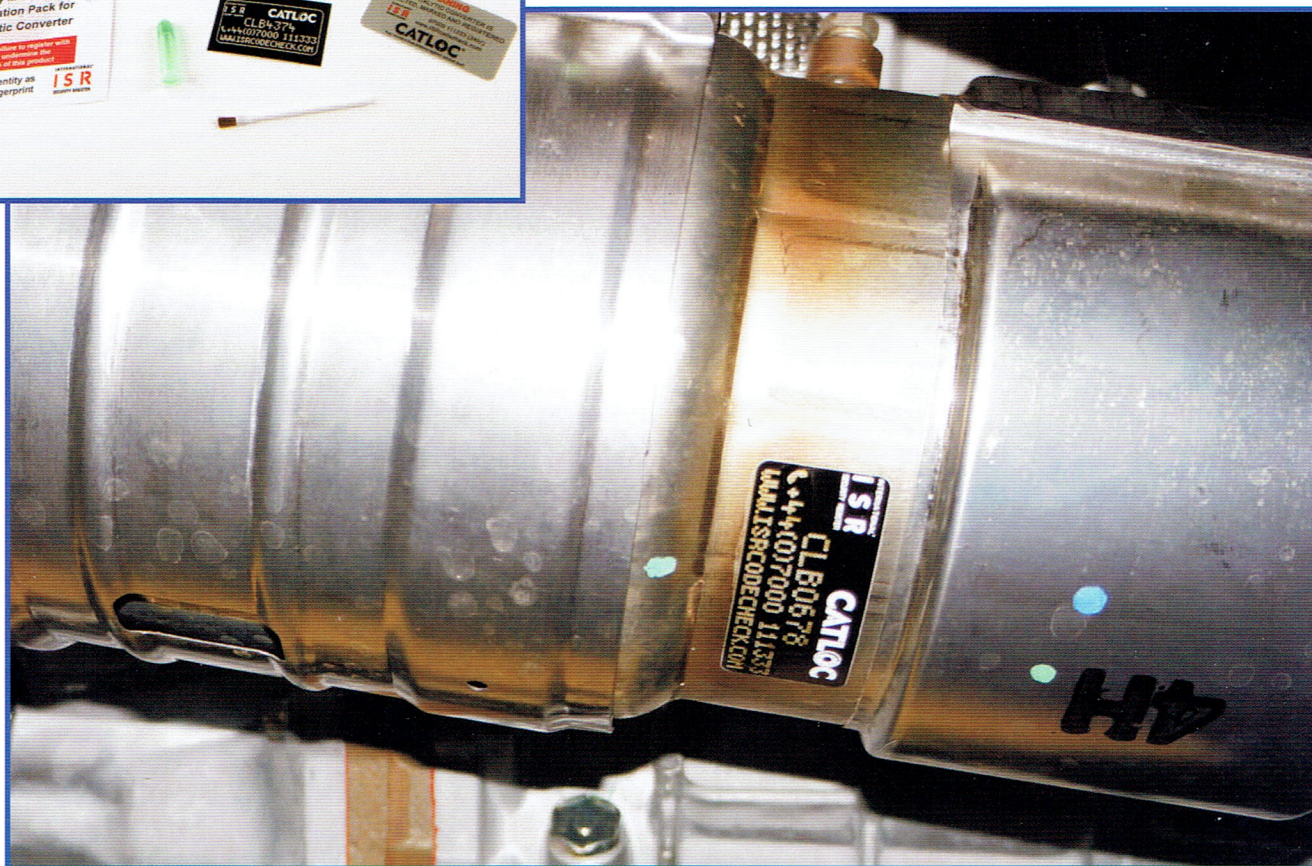

## **FEATURES**

- Innovative adjustable design fits round and clamshell style catalytic converters.
- Protective system for the catalytic converter or particulate filter.
- Marine grade stainless steel for strength and durability.
- High security anti-tamper fixings.
- Two high tensile stainless steel securing cables.
- Catloc ISR<sup>®</sup> security marking and registration kit with window warning stickers.
- Full fitting instructions.

## **APPLICATION**

- Fits vehicles with a catalytic converter or particulate filter up to 8 inches (203mm) wide and 6 inches (152mm) tall or 23 inches (585mm) in circumference.

## FEATURES

- Permanently marks a unique 7 digit code and the ISR® (International Security Register) 24/7 telephone number and webcheck address directly onto the vehicle's catalytic converter or particulate filter.
- The unique code and vehicle details can then be registered onto the ISR®
- Details are securely held on the register and can be accessed 24/7
- Provides traceability of the vehicle's exhaust components.
- Enables Police forces to secure arrests and convictions.
- High visibility window warning stickers.
- Full fitting instructions.
- Included as standard in all Catloc catalytic converter theft protection systems.
- Available separately as a stand alone product.
- Thatcham and SBD approved and accredited.

## APPLICATION

- All vehicles
